

# American Airlines®

## Non-Stop Chicago to Moscow

**American Airlines will begin nonstop service from Chicago O'Hare International Airport (ORD) to Moscow's Domodedovo International Airport (DME) on June 2, 2008.**

**Boeing 777 aircraft featuring**  
The First Class Flagship Suite  
The Next Generation Business Class Seat

**American plans to fly its Chicago – Moscow service six days a week**

Eastbound flights will fly every day except Sunday  
Westbound flights will fly every day except Monday

Domodedovo is a privately owned and operated airport located about 14 miles southeast of Moscow. It has an integrated domestic and international terminal. A modern freeway, as well as a nonstop train, connects the airport with downtown Moscow. Other **oneworld** partner airlines, including British Airways, Iberia and Royal Jordanian use Domodedovo and Japan Air Lines will be moving there soon.

### Schedule:
